

SERVICE AGREEMENT
(Intrastate ICB)

Customer Name and address:	Mass 211 Inc C/O United Way of Tri-County, ATTN: Paul Mina, Ex Dir ("Customer") 46 Park St, Framingham, MA 01702	Main Billing Tel. No:
		Agreement No. 2006-370828

Services. Customer hereby requests and agrees to purchase from the undersigned Verizon company ("Verizon") the services identified in Exhibit A, attached to this Agreement, and in any Addendum expressly made a part hereof, and as further described in Verizon's applicable tariffs, (the "Services") for the service period stated in the Exhibit or Addendum applicable to such Service (the "Service Period"), subject to Verizon's receipt of any necessary regulatory and other governmental approvals required to provide the Services under the terms hereof. The Services will be provided under the terms of this Agreement to the Customer locations specified in the Exhibit and Addenda attached to or made a part hereof.

Charges. Customer will pay the rates and charges set forth in the attached Exhibit and in any Addendum made a part hereof, and shall also pay all applicable taxes, fees, and charges, including Federal End User Common Line Charges, charged pursuant to applicable law, regulations, or tariffs in connection with the Services. If Customer cancels or terminates this Agreement or any Services prior to expiration of the Service Period, Customer will promptly pay to Verizon termination charges as set forth in the applicable Exhibit and Addendum(a). Any tariffed back billing limitations otherwise applicable to the Services shall not apply under this Agreement.

Notices. Notices under this Agreement shall be sent by certified or registered U.S. mail, postage prepaid, return receipt requested, to Customer at the address specified above, and to Verizon at Verizon National Contracts Repository, MC:HQW02L25, 700 Hidden Ridge, Irving, TX, 75038. Notices shall be deemed effective upon receipt.

Miscellaneous. (a) Neither party will disclose the terms of this Agreement to any other person without the prior written consent of the other party, except as may be necessary to comply with applicable law, regulation, or filing requirements. Either party may issue or permit issuance of a press release or other public statement concerning this Agreement provided its contents have been reviewed and agreed upon by the parties.

(b) In the event of a claim or dispute, the law and regulations of the jurisdiction in which Verizon provides to Customer the particular Service that is the subject of such claim or dispute shall apply. This Agreement and its provisions shall not be construed or interpreted for or against any party hereto because that party drafted or caused that party's legal representative to draft any of its provisions.

(c) No liability shall result from Service failures caused by fires, floods, severe weather, acts of government or third parties, strikes, labor disputes, inability to obtain necessary equipment or services, or other causes beyond such party's reasonable control.

(d) If any provision of this Agreement or the provision of any Service under the terms hereof is illegal, invalid, or otherwise prohibited under applicable law or regulation in any State or jurisdiction, or does not receive any governmental or regulatory approval required by law in any State or jurisdiction, then this Agreement shall be construed as if not containing such provision or requiring the provision of such invalid, illegal, prohibited, or unapproved Service in such State or jurisdiction.

(e) Verizon may assign or transfer part or all of this Agreement to any affiliate or successor to substantially all of its assets in the locations where Service is provided hereunder. Upon reasonable prior written notice to Verizon, Customer may assign or transfer this Agreement to any company that is the successor to substantially all of its assets, provided all charges for Services provided prior to such transfer or assignment are paid in full when due. Except as otherwise required by applicable law or regulation, all other attempted assignments shall be void without the prior written consent of the other party.

(f) Except as otherwise required by applicable law or regulation, the Services provided hereunder may not be resold by Customer.

Tariffs and Limitation of Liability. The terms and conditions that shall apply in connection with these Services, and the rights and liabilities of the parties, shall be as set forth herein and in all applicable tariffs now or hereafter filed with the applicable state regulatory commission and/or the Federal Communications Commission. In no event shall Verizon be liable for any special, indirect, incidental, or consequential damages arising in connection with this Agreement or the provision of any Services, whether claim is sought in contract, tort (including negligence), strict liability or otherwise. This Agreement (including the Exhibits attached hereto and any Addenda made a part hereof) and all applicable tariffs constitute the entire agreement between the parties and shall supersede all prior oral or written quotations, communications, negotiations, representations, understandings or agreements made by or to any employee, officer, or agent of any party on the subject matter hereof. This Agreement may not be modified or rescinded except by a writing signed by authorized representatives of each party.

Verizon company name: Verizon New England Inc (referred to in this Exhibit as “Verizon”)

State: MA

Customer name: Mass 211 Inc C/O United Way of Tri-County ATTN: Paul Mina, Ex Dir (Customer)

ICB Case No.: 2006-370828

1. Services and Quantity Commitments. Customer agrees to purchase the following Services from Verizon at the rates set forth below and in quantities set forth below for the Service Period identified below. Any other work, services or facilities required will be provided subject to prevailing tariff rates and charges, or if no tariff is applicable, at Verizon’s then-current retail rate. Customer shall provide to Verizon at each Customer location suitable and secure space, with suitable environmental conditions and uninterruptible power supply, building entrance facilities and conduit, for placement of the facilities and equipment to be used by Verizon to provide such Service.

Rate Element Type	Rates Element	MRC Charge	Remarks
MRC-1	Monthly Recurring Charge based on actual monthly call volume of the Service using Basic N11 Routing.	\$135.00/Month + 2 cents per query above 8,000 calls	MRC for up to 8,000 - 211 monthly calls. The specific MRC call volume forecasted/requested in this ICB is based on Actual 211 call completion studies for current Verizon N11 customers.
NRC-1	Service Establishment with Basic N11 Routing	* \$1,500 Per Customer Request	“NRC” = Non-Recurring Charge
NRC-2	Programming Charge per VZ Host Complex included in the N11 Serving Area.	* \$500.00 per Host Location	NRC-2 charge is computed for each VZ Host/Remote Complex serving the 211 MA Serving Area.
NRC-Change Type 1	Modification of N11 Call Center information specific to an Office Complex.	\$50 per Host/Remote Complex Affected by customer request	A scenario where NRC-Change Type 1 would apply: When the N11 service was originally deployed all 211 traffic throughout a state was routed to a central Call Center via a Common 800 number. After deployment, the customer decided to change routing in three offices so that they route to a unique 10-digit DN. Since the routing in these three specific offices need to be modified in order to route to the unique 10-digit DN NRC-1 Change Type applies with the total charge of 3 X \$50 or \$150.00 total charge to the N11 customer..
NRC-Change Type 2	Modification to N11 Call Center DN Information.	\$500 per Customer N11 Call Center affected in customer request.	A scenario where NRC-Change Type 2 would apply is that when an N11 service was originally deployed all 211 traffic throughout a state was routed to a central Call Center via a Common 800 number. After deployment the customer decide to change the routing of all offices to a different 10-digit 8XX Toll-Free DN. Under this scenario because all offices are routing currently to a common DN, which is only being changed NRC-2 Change Type applies with the total charge of 1 X \$500 or \$500.00 to the N11 customer.

Note- Customer may elect to pay NRC 1 and NRC 2 over the life of the contract in lieu of an upfront payment, for a total of \$ 84,000. (\$ 1,500 plus \$500 X 165 Host Locations). Monthly payments towards these charges for 36 months would be \$ 2,333.33.

-211 Dialing Service (“211”) utilizes a three digit local dialing arrangement, terminating to a Customer-provided number, for access to non -emergency information and referral services. The 211 code was assigned for this purpose pursuant to Order 00-256 issued by the FCC in CC Docket 92-105. Verizon intends to, and reserves the right to, charge 211 calls as a local call to the party originating said call(s), including from Verizon coin phones. Only a local call will be charged; toll charges shall not apply to the calling party, and if charges are required to re-route the call to the terminating number charges will be cared for by the use of a toll free number, or reverse billing to the 211 subscriber.

-211 is a custom call routing/transport application. It provides the calling party an easy to remember three digit dialing code with call delivery to established 211 service subscribers. Calls placed using 211 are automatically routed to the 211 subscriber's terminating telephone number, which Customer has agreed to provide. Customer shall provide Verizon with this number, in advance, so that Verizon may properly translate the 211 service. (Note that this agreement covers calls originating on lines terminating in a Verizon switch. Verizon can not direct other phone companies, including wire-line, wireless nor coin providers as to what and how they should handle 211 Service.)

-211 utilizes various forms of call routing depending on the 211 subscriber's service requirements as well as the Company's serving network facilities. In Customer's case, calls will be routed by NPA, central office switch, NPA-NXX, where facilities permit. Please Note that - the Central Office and Wire Center boundaries of the available routing methods may or may not coincide with the boundary of the service areas requested by the 211 subscriber, e.g., a specific county/state.

2. Service Period. Customer shall purchase such Services for a period of thirty-six (36) consecutive months following the execution of this Agreement, installation of the Service (if not previously installed and cutover), and receipt of all necessary regulatory and other governmental approvals that may be required prior to the provision of such Services under the terms hereof.

3. Termination Charges. If, for any reason, the Customer terminates or discontinues the Service prior to the expiration of the contract, at the time of discontinuance or termination of service Customer shall pay to Verizon an amount equal to twenty-five (25) percent of the MRC multiplied by the number of months remaining in the contract as well as one hundred (100) percent of any unpaid NRC, **including the remainder of payments associated with paying the NRCs over the life of the contract.** Any such termination liability charge is due and payable in one lump sum within thirty (30) days of the termination.

4. Additional Provisions.

a. Conditions. The parties acknowledge that the rates and other terms of this Agreement are premised on Customer's commitments, unique network design requirements, and Customer's service mix, usage patterns and concentration, and other characteristics.

b. Service Continuation. (i) If, at the time of expiration of the Service Period, a new agreement or tariffed service arrangement with Verizon for the Services is not effective as defined above and Customer has not requested, in writing, disconnection of the Services, then the Services will be reverted to applicable tariff or other Commission-authorized rate(s) for the minimum service commitment period available. The applicable tariff or other Commission-authorized arrangement will govern the service arrangement prospectively, including rates, terms and conditions, which may include charges for termination prior to the end of the minimum tariff service commitment period. If there is no applicable tariff or other Commission-authorized service arrangement, then the Service will be subject to disconnection upon the expiration of the Service Period of this Agreement. If, upon expiration of the Service Period, there is a delay in reverting rates to the applicable tariff or other Commission-authorized rate(s), or in disconnecting the Services if no tariff or Commission-authorized service arrangement is available, the Service Period shall be deemed temporarily extended on a month-to-month basis until such reversion of rates or disconnection of Services is completed. In no event, however, will such temporary extension of the Service Period continue more than twelve months after the expiration of the initial Service Period. (ii) If Customer indicates to Verizon in writing that it desires to negotiate a new contract or tariffed service arrangement to continue or replace the Services provided for herein, the Service Period shall automatically be extended for a period not to exceed 60 days from the end of the initial Service Period to allow the parties to finalize a new agreement or to transition to a tariffed service arrangement. Written notice must be provided by Customer at least 30 days prior to the end of the initial Service Period. For purposes of this paragraph only, written notice may be by facsimile or electronic mail.

c. Detariffing. In the event any of the Services are hereafter detariffed, then the terms of the tariffs in effect immediately prior to such detariffing shall be deemed to be incorporated by reference and shall continue to apply to the provision of the Service to the same extent as such tariffs applied hereunder prior to such detariffing.

d. Facilities. Additional charges may be required if suitable facilities are not available to provide Services at any locations, or if any additional work, services, or quantities of Services are provided. In the event installation of additional network facilities is required to provide Services, Verizon will inform Customer of such applicable charges, and Verizon will install such facilities only upon mutual written agreement of the parties to such additional charges. If Customer does not agree to pay such additional charges, then this Agreement will be subject to termination by Verizon without application of the termination charges described above.

5. Locations. The Services shall be provided to Customer under the terms hereof at the following locations. Other Customer locations may be added to this Agreement only upon mutual assent of the parties.
